WE WANT

Every body in the county to get some of our money. If you do not it will be your fault. Bring us your Bones, Iron, Rags, Books and Magazines. Large crowds have been to see us every day. Get in the push and come to. Clean up your place and turn the waste into cash.
 We will stay here as long as we get good business.
 NATIONAL IRON & METAL CO.,
 By J. D. Newton, Prop.

Rid the Farm of Weeds

- By preventing this years crop of weeds from reseeding themselves a long step will have been taken toward ridding the pastures and fields of weeds. This is the suggestion recently offered to Mississippi farmers by J. M. Beal, of the Mississippi A. & M. College, who states that by observing the following rules many noxious weeds, such as bitter weed, giant rag weed, cockle burr, and cypress weed, may be practically eradicated in one or two seasons.
1. Allow no weed seed to ripen.
 2. Kill weeds in the tender seedling stage.
 3. Induce fall sprouting by giving a late cultivation.
 4. Burn woods bearing mature seeds. Never plow them under.
 5. Thoroughly compost stable manure if contaminated with seeds of noxious weeds.
 6. Sow only pure seed.
 7. Watch for weeds new to your locality.
 8. Practice rotation of crops.
 9. Turn weeds into pork, beef, and mutton by grazing them.
 10. Plant smothering crops, winter and summer.

Two Motives.
 Emulation is the child of ambition; rivalry is the unlovable daughter of envy.—Balsac.
